

## PARTNER SEARCH FORM

### For projects in the SmartGrids ERA-Net call

<b>DATE:</b> March 4th 2010
<b>PROJECT INFORMATION</b>
<b>TITLE:</b> Mobile Grid Support <b>ACRONYM:</b> MOGRIS
<b>SUMMARY:</b> The aim of the project is to test new options exploiting mobile and portable energy storages. Electric vehicle projects are increasing not only the installed electric power (if hybrid electric or having a Range Extender) but also increasing the electric short and mid term storage capabilities. This shall be utilised for a synergetic approach benefiting the owners of thios mobile storage and energy production facilities but als utilities and grid operators.
